123,690

## About Us

- Doxa School is a Specialist Setting that supports vulnerable young people needing extra support to engage in education.
- We are relationship focused concentrating on the Whole Person and providing individualised programs that focus on Literacy, Numeracy and Social and Emotional growth.
- Doxa School is a student-centred community whose practice is theoretically underpinned by our key pillars of Catholic Identity, Choice Theory, Social and Emotional Learning and Trauma Sensitive Practices.
- Our school's Positive Behaviour Framework emphasises Safety, Kindness and Curiosity.
- Doxa School is situated in the CBD of the beautiful regional city of Bendigo in Central Victoria, which has a rich Arts culture and is the hub of a fine dining and wine region. Travel to the city of Melbourne is convenient by road or public transport.
