About Us

- St John's is a Catholic community which fosters positive connections with the parish and wider community through the Church, social justice and environmental initiatives.
- Euroa is located within the Strathbogie Shire in central Victoria and within easy access to Melbourne, the snowfields, renowned wineries and larger regional cities. St John's Catholic Primary School is set on spacious grounds in a wonderful rural community rich in history.
- St John's is a welcoming and inclusive school community with dedicated teachers and a contemporary approach to learning for all students. Our high attendance rate for both students and staff attests to our positive learning environment.
- Euroa Shire provides a network of recreational facilities, offering opportunities to take part in a variety of activities such as sport (football, netball, tennis, basketball, soccer, hockey, badminton, karate) bushwalking, cycling and walking tracks that provide a relaxing experience around the historical town of Euroa.
- Euroa is situated close to the wine and gourmet region of the Strathbogie Ranges and the King Valley where you can spend a day or a week exploring all the area has to offer.
