St Mary's Inglewood

## About Us

- Inglewood is a historic gold mining town with grand historic buildings with cafes, bakeries, antique stores, supermarket, and butcher that service surrounding rural districts and smaller communities. It is also only half an hour drive from Bendigo, Victoria, which is a thriving regional city.
- St Mary's Primary School has small classes - where all children are supported, included and learning targeted to individual needs.
- St Mary's Primary School pays special attention to the life of Nano Nagle, founder of the Presentation Sisters. We use her life of service as an example of how to live out the values of the Gospel.
- St Mary's Primary School is a warm, supportive and welcoming community which cherishes the relationships between students, staff, families and the wider Inglewood community.
