About Us

- St Joseph's is proud of its Good Samaritan origins and embraces the traditions of old, as we strive to be a proactive educational community.
- St Joseph's offers a balanced curriculum which is focused on the academic, social, emotional, physical, spiritual and creative development of each child in an environment faithful to our Catholic tradition.
- St Joseph's is set on spacious grounds and provides the students with an abundance of room and resources, both inside and out.
- Kerang is a town located in the Gannawarra Shire and is just 25kms inland from the Murray River.
- Grouped along the Murray Valley Highway are the Kerang Wetlands which feature over 50 lakes, swamps and lagoons. These wetlands are home to thousands of colourful and graceful water birds. The larger lakes, including Kangaroo Lake and Lake Charm, are popular with visitors for watersports, boating and fishing. These wetlands make the Kerang area a unique part of Victoria.
