About Us

- Our outstanding and rapidly growing young college is a stunning example of contemporary learning at its best, with open and inviting learning spaces, state-of-the-art facilities, tranquil natural play areas and impressive sports grounds, including a full-sized football pitch.
- Our Indigenous-inspired building - all under one imposing roof - is a true reflection of "community", where students and staff immerse themselves in an engaging Inquiry-based learning pedagogy.
- Our spacious grounds boast aesthetic gardens, where children play and explore along the meandering creek and the expansive dam attracts a variety of native birds. Team spirit is built and skills are developed in a variety of sports and performing arts at St Anne's.
- Join us in the beautiful surroundings of Kialla on the outskirts of sunny Shepparton, a melting pot in the heart of regional Victoria, famous for its quality produce, cafes, pubs, restaurants and sport.
- Become part of our welcoming community: www.sackialla.catholic.edu.au
