### Parish

St Augustine's Kyabram

## About Us

- St Patrick's is a small, close-knit community who celebrate the unique gifts and talents of the students, staff and families.
- Located in a small rural town in country Victoria. Twenty minutes from Echuca and one hour and fifteen minutes from Bendigo.
- St Patrick's has small class sizes with an average class size of less than twenty students.
- Over the past three years St Patrick's has been completely renovated to create amazing new learning facilities that cater for the individual needs of all students.
- The school has established partnerships with families, local businesses and community organisations with the purpose of improving outcomes for students. Each partnership brings staff and students of the school together with external partners.
