About Us

- Located in the High Country of North East of Victoria, it is an area that features national parks, Victoria's highest mountains, lakes, snow resorts, vineyards and rich history that includes gold discovery and bushrangers.
- St Patrick's was Brigidine Order and our motto Living, Loving, and Learning in Christ underpins all we strive to achieve within our school community.
- We are a strong welcoming and inclusive community with dedicated staff who place our students are the centre of all we do. We strive to provide contemporary engaging learning opportunities that challenge us all as active learners.
- St Patrick's boasts small class sizes, specialist teaching in Music, Italian, Science, Visual Arts and Physical Education.
- St Patrick's is in the midst of an exciting and significant upgrade as we are building eight new contemporary learning areas, and commence a full redesign of our outdoor landscape.
