## Strategic Directions

St Mary's has been dedicated to delivering highly effective evidence-based strategies across the school. Over the years the staff have used Explicit Direct Instruction, followed the pedagogy of the Science of Learning, and have upskilled themselves in the teaching of reading, writing, maths and in particular spelling. St Mary's is committed to continuing this learning.

The next stages for St Mary's school development will be building on the already strong data literacy skills, implementing a strong knowledge rich curriculum, building further connections with students and families, and pursuing in-school coaching for our teachers.
